

ALFIE APPLICATION INFORMATION

ADULT LEARNING FOR
INDEPENDENCE & EMPLOYMENT

ALFIE courses are part time, and run from September to June.

They are intended for adults with mild to moderate learning difficulties who have not already achieved a full Level 2 qualification.

Students may bring a carer with them if required.

Students may enrol on one or two courses at BCA or Slough & Langley College.

People wishing to enrol on the cooking courses must disclose any dietary needs at enrolment and will need to provide an apron.

There are no material costs, however students in the 'Accessing your Community' course will be required to bring money for refreshments and sometimes for activities.

The courses are fully funded to adults 19+ who are claiming benefits and their earned income (not including benefits) is less than £338 a month. They will need to provide evidence of benefits received prior to enrolment.

Students and Carers coming on the Animal Welfare course will need full overalls and wellingtons, and proof of tetanus immunisation within the last 3 years.

Students are expected to complete their course. Students who are absent for four consecutive weeks may be withdrawn.

Students are expected to engage in all lessons and not cause distraction or upset to others.

All students must report any absence by email to alfie@windsor-forest.ac.uk
